

WASH YOUR HANDS!

1. Start with warm water or hot water.

2. Use soap and make a lather.

3. Rub and scrub thoroughly for 20 seconds.

4. Scrub palms, back of hands, between fingers and under fingernails.

5. Rinse well, and then use a paper towel to shut off the faucet.

6. Dry hands completely.

WHEN SHOULD I WASH MY HANDS?

- Before and after preparing or eating food
- During your illness
- After blowing your nose, coughing or sneezing
- After using the bathroom

STOP THE SPREAD!
